Education

Bachelors of Design | 2016-2020
IDC, IIT Bombay
Ranked 19 out of 6.5K applicants

Exchange Semester | 2019
Korea Advanced Institute of
Science and Technology, Korea

Skills

UI: Figma, Sketch, Axure, Invision

Research: Interviews, Concept
Testing, Diary Study, User Testing

Coding: Processing, HTML/CSS,
JavaScript, P5.js, Python

Data Viz: Google Data Studio,
Mapbox, Tableau, MS Excel

Miscellaneous

Synthetic Media | 3 months
Baltan Labs, Netherlands
Explored the future of targeted ads
from the lens of personalised
Deepfake videos.
Received €1000 grant from V2_Lab
for Unstable Media

Nature Embedded | 3 Months
National Gallery of Modern Art,
Mumbai
Designed, fabricated and deployed a
three storey tall hanging structure.

Work Experience

Samsung Research Institute Bangalore | UX Designer
Jan'21 - Present, Hybrid

- Designing AR & Metaverse concepts for Flagship Devices
- Working on Single Take improvements - Samsung Camera's AI Mode
- Conduct user research for concept validation & Usability Tests
- Designing user journeys with Devs & PMs; Create Stakeholder alignment
